DISTRIBUTION

HARD
COPIES

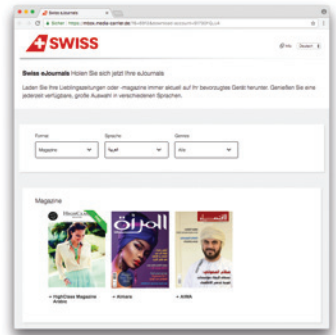

To Arabic-speaking families with very high purchasing power who live in Switzerland. Thanks to a highly targeted database, the magazine is distributed to wealthy Arabic-speaking people living in Switzerland.

Airlines

HighClass Magazine has been a Swiss partner in the distribution of the Arabic issue since 2007. To reach more passengers, a digital form of the Arabic annual edition has been offered to Arabic-speaking customers travelling by Lufthansa, Austrian Airlines, and Swiss International Air Lines since January 2018.

DIGITAL

We reach Arabic tourists travelling to Switzerland on the direct flights of Swiss International Air Lines between Dubai, Cairo, Muscat, and Switzerland and also those who travel via Frankfurt, Munich or Vienna airport hubs by Lufthansa and Austrian Airlines from other cities in the Middle East such as Abu Dhabi, Bahrain, Dammam, Jeddah, and Riyadh.

How does it work?

Every passenger gets a link to the Media Box via a pre-flight newsletter or Web-Check-in-confirmation. Passengers can download a certain number of publications for free. The number of downloads depends on the booking class or the Miles & More status.

Economy flight: 1 free download

Business Class flight: 3 free downloads

M&M-Status SENATOR: 3 free downloads per flight

M&M-Status HON-Member: 20 free downloads per flight

HighClass Magazine has a special status thanks to which you can download it for free even if free downloads are not available.

The digital version of HighClass Magazine has been offered to Oman Air passengers free of charge since January 2018. It is perfect when it comes to reaching passengers flying from Muscat to Zurich.
