DISTRIBUTION

HARD COPIES

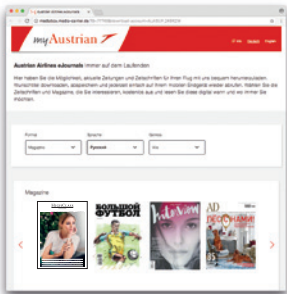

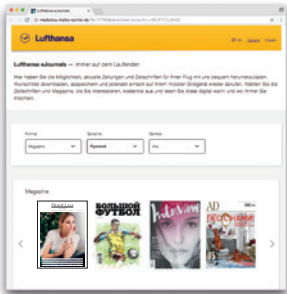

To Russian families with very high purchasing power living in Switzerland. Thanks to a highly targeted database, the magazine is distributed to wealthy Russian-speaking people who live in Switzerland.

DIGITAL

Airlines

HighClass Magazine has been a Swiss partner in distribution of the Russian issue since 2006. To reach more passengers, a digital form of the Russian edition has been offered to passengers travelling by Lufthansa, Austrian Airlines, and Swiss International Air Lines since January 2018.

We reach Russian tourists travelling to Switzerland on direct flights of Swiss International Air Lines between Saint Petersburg, Moscow, and Switzerland and also those who travel via Frankfurt, Munich or Vienna airport hubs by Lufthansa and Austrian Airlines from other cities from the Commonwealth of Independent States (CIS).

How does it work?

Every passenger gets a link to the Media Box via a pre-flight newsletter or Web-Check-in-confirmation. Passengers can download a certain number of publications for free. The number of downloads depends on the booking class or the Miles & More status.

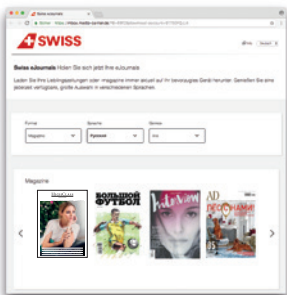

Economy flight: 1 free download

Business Class flight: 3 free downloads

M&M-Status SENATOR: 3 free downloads per flight

M&M-Status HON-Member: 20 free downloads per flight

HighClass Magazine has a special status thanks to which you can download it for free even if free downloads are not available.
